1975

MEMORANDUM FOR: Director of Personnel  
SUBJECT : Upgrading of Nurses Positions

From:

STATINTL

STATINTL

1. I have read with some interest Mr. [redacted] memorandum of 5 March 1975, which provides some insight as to the standard rate of pay for nurses in the Federal Service and in private hospitals. As you are aware, there is some interest in this subject within this Agency, and a question has been raised concerning the grade structure for our nurses.
2. It is my understanding that PMCD conducted a survey in the Office of Medical Services in approximately February 1974. I would very much appreciate it, if you would:
  - a. Forward the February 1974 PMCD survey, as it relates to Office of Medical Services nurses.
  - b. Conduct an expedite assessment of the situation at the present time, incorporating pertinent data from the 5 March 1975 memorandum.
  - c. Offer recommendations concerning the advisability of upgrading these positions.
3. I would appreciate receiving the results of your study by close of business 11 April 1975.

John P. Blake

Deputy Director  
for  
Administration
